

REPLACE THIS SENTENCE WITH THE TITLE OF YOUR ABSTRACT

A.B. Author¹, **C. D. Author**²

¹ *Affiliation (include full mailing address and e-mail address if desired) for first author;*

² *Affiliation (include full mailing address and e-mail address if desired) for second author*

Keywords:

Please suggest 5–10 keywords that describe the content of the abstract. If possible, each keyword should appear in the accompanying abstract.

Introduction:

Replace these instructions with the text of your abstract. If you are including tables or figures, they **MUST** be imported into this file. The total abstract's text with figures and tables is **no more than 1-3 pages**. Due to the special nature of the conference, **a reasonable extension of this volume can be allowed** for abstracts containing some personal impressions from Prof. K.I. Gringauz and/or the influence of his achievements on specific areas of space plasma research.

Digital formats for figures:

Any image file format that can be imported into this file will be acceptable for publication; to avoid technical problems, we suggest using TIFF (.tif) or GIF (.gif) files for photographs, and encapsulated PostScript (.eps) or Windows metafiles (.wmf) for line drawings. We ask that you use smaller-format files whenever possible (for example, don't use a 1-MB TIFF file if a 250-K GIF file provides acceptable resolution).

We request that your complete abstract file should be no more than 8 MB in size and appropriate for color print.

Heading styles:

The section heads in this template use the correct style (upper and lower case, bold, followed by a colon). The format for second-level heads is shown below:

Sample of a level-two head.

Automatic paragraph indents are imbedded to appear every time you use a hard return.

References:

Use the brief numbered style common in many abstracts, e.g., [1], [2], etc. References should then appear in numerical order in the reference list, and should use the following abbreviated style:

[1] Author A.B., Author C.D., Author E.F. First example of a cited article title // First Example Journal. 2016. V. 1. No. 1. P. 1-100.
